LETTER FROM KATHARINE DEXTER McCORMICK  
TO THE PRESIDENT OF CLEOFAN

407. COMMONWEALTH AVENUE,  
BOSTON.

September 23, 1937.

President of the Cleofan,  
Massachusetts Institute of Technology,  
Cambridge, Massachusetts.

Dear President:

I have been much surprised recently to find in my possession in a trunk of old school notebooks this record - sent herewith - of the early meetings of the Eta-Sigma-Mu, and the Cleofan societies. Of course I did not know I had this book or I should have forwarded it long ago. I must have brought it home with me during the year 1899-1900 when I was president and it must have been mislaid and mistaken for a school notebook, and so put away with other old school books. Thus it has remained in storage during all these years.

I am most regretful for this oversight on my part. I am very glad to have found it, and now wish to restore it to the more recent Cleofan records which I assume are now in the Women's rooms at the Institute.

Sincerely yours,

*Mathew DeStefano*

(Mrs. Stanley McCormick)

President of the Cleofan,  
Massachusetts Institute of Technology,  
Cambridge, Massachusetts.
