① Susan - let's go apple picking

Pam - we will this weekend; anyone who's here

② Julie - trip to arboretum, ferry ride etc.

⑤ Pam - no one should feel guilty about missing

5

a house social event.

Chris: There is pressure to participate in house activities.

Maureen: "Independent" does not refer to people but to independence from MIT. This was set up to provide a friendly, family style life, Not dorm.

Cheryl: Can we give Carmen a concrete opinion on party?

Latanya: The difference between this + a sorority is that sorority members have a lot in common, are a lot alike. We are very diverse.

Chris - expected cooperation but not a family style.

Robin - should be able to eat here if you wish but not feel guilty if you don't.

Mariana - note on refrigerator hurt - it said that if you could have been here for a meal, you had no right to eat it later. You should feel free to eat out.

Maggie - have lots of friends outside; can't bring them here.

Susan - forget that note on the refrigerator.

Donna - we're not so large that you meet that many people here. Especially freshmen should meet others from outside, and social functions are a good opportunity.

Bev - best friends are here.

Donna - I already have lots of outside friends but others don't.

Pam - you don't have to be best friends with everyone, but we need to care about the house.

Lann - for some this is home base, others not.

6

Katy - Brunch for Faculty is important. Pressure is warranted. Everyone should work on it. Rush is another very important.

Mariana - yes, but general run of the mill social activities should not be pressured.

Maureen - Brunch is important, should be mandatory.

Beth - we have to feel responsibility to group in order to make work get done.

Sharon - some people don't mind work but don't wish to attend social stuff.

Susan B. - Thought this is supposed to be like a family; it's not as much as I expected.

Joy - can we write down opinions?

Beth - good idea to write opinions, expectations.

Julie - Let's get a definite idea of who'd go to this party.

Carmen - we should not have the party because we'd disappoint DU by not having everyone show and no one wants pressure.

Donna - will we have enough women?

Carmen - I invited two frats, told them to invite women. more normal that way.

Katanya - we don't want to have to go to things but we do want to have social events.

Cheryl - the private fridge on the 4th floor will be labeled. Eat stuff in the other fridges in the 4th floor.
