Francis A. Walker to Ellen Swallow Richards, 7 Nov 1883

BOX 1 FOLDER 28

MASSACHUSETTS INSTITUTE
OF TECHNOLOGY.

Boston, Nov 7th 1883

Dear Madam

The Executive Committee
of the Corporation, at their Meeting,
Yesterday, passed a vote requesting
me to express their high sense
of the value of the able, laborious
and most disinterested services
rendered by you in the Woman's
Laboratory, during the past
eight years; and to voice their

unanimous regret that, in the reorganization of the Chemical Laboratories, consequent on the erection of the new building, you have, for the time, been left without a charge corresponding to your scientific attainments and your experience in the work of instruction.

They desire, however, your consent, which they trust your interest with school will induce you to grant, by your name

remaining, as heretofore upon the Catalogue, for the current year.

I shall be very glad to learn that this will be agreeable to your views.

Respectfully Yours
Francis A. Mathew

Mrs. Ellen H. Richards.
