General Information..... We are to make a very rough sketch that they can have for their consideration there, with very light fields, which will make the windows no darker than the present blue glass - possibly a good size upper figure, and a lower medallion. Send this with rough estimates of possible costs, reminding them that these windows have no comparison with those at West Point.

Chaplain Zimmerman is leaving there in June. Does not know where he will be sent.

(Bronze bars furnished on the lower windows. Use here where needed)
